Aero Delivery is the leading provider of refrigerated transportation and warehousing services.

Fines and Claims

- Aero Delivery Ltd will not undertake liability for any cost or penalties arising from late deliveries or missed appointment.
- Maximum carrier Liability is \$2.00 per pound unless a declared value is stated on the Bill of Lading.
- All claims must be submitted to Aero Delivery within 7 days of delivery. After 7 days it will be based on the discretion of a Manager at Aero Delivery.
- Once you have been advised of an OS&D from your shipment you will have 72 hrs to advise disposition otherwise freight will be disposed of at your expense.
- When Aero Delivery is asked to dispose of product, all costs associated with the disposal will be billed back to the customer asking for the service.
- Claim valuation must be in excess of \$80.00 per bill for payment consideration.
- When drivers are not allowed on the dock for loading or unloading of product, Aero Delivery will not accept claims that are related to product count or product integrity.
- Aero Delivery accepts no liability for “deep frozen” products such as ice cream; these types of products are transported at shippers risk.

Warehousing

- Crossdocking rate is \$18.00 per pallet.
- When Aero is required to break down and re-sort pallets on our docks as per specific instructions of either shipper or consignee before delivery to the end customer, a fee of \$25.00 per pallet handling may apply.
- For any calls after regular hours (6am to 5pm Mon to Fri, 6am to 12pm Sat and Sun) there is a \$197.50 dollar call in fee in addition to rates.

Extreme Cold

- Aero Delivery Ltd. makes every effort to provide the best service possible with the resources we have. However, there are some conditions that are beyond our control. We take all steps necessary to minimize the risk of exposure to the cold but cannot always ensure proper coverage due to mechanical limitations and certain Extreme temperatures.
- Aero Delivery Ltd. will respectfully ask all shippers to ship their entire product at “Shippers Risk” when the outside temperatures fall below -30 degrees C with a wind chill. In situations with extreme temperatures, we feel we need to share the risk associated with moving temperature sensitive freight.
